LET'S MAKE $ A CHARITY BANK

One way to remind yourself of the many blessings you have and show gratitude is by giving charity to those who have less. Here's a great way to start collecting!

Materials:

1) A base for your charity bank
- It can be a jar, plastic bottle, cardboard box, food container etc.

2) Paper Mache Mix
- ½ Cup Flour
- 1 Cup Water
- 2 Tablespoons Salt

3) Mixing Bowl

4) Spoon or Whisk

5) Newspaper Strips (20-40)

6) Paintbrush or Hands

7) Paint and Decorations

Instructions:

1) Create Paper Mache Mix by adding the flour, water and salt into a bowl

2) Mix well until almost no clumps are left

3) Cut newspaper into ruler size strips (1 inch wide)

4) Use a paint brush or your hands to dip the newspaper into the mix. Remove extra mix so it doesn't drip.

5) Place strips onto the bank base to make one even layer around.

6) Wait until it is fully dry to add a second layer (can take 30min-1hr) IT'S VERY IMPORTANT TO WAIT!

7) Once the layer is dry have a parent help cut a slot for the money to go in

8) Now you can start painting and decorating. Use your imagination!

Please submit a picture of your work to **submit@myDeen.club** for a chance to be featured on our Facebook and Instagram!
